LEESTOWN

Dental Center

Dear valued patient,

As you have known or heard, the Governor Andy Beshear has granted certain healthcare providers and facilities the permission to re-open under the phase 1 guidelines. **We are pleased to announce that LEESTOWN DENTAL CENTER will re-open May 4th, 2020. Please call the office at 859-232-8883 to schedule your appointment and for more information.**

The health and safety of our patients, and our staff is of the utmost importance to us. Therefore as we open, our processes and procedures will change in ways designed to protect the health and wellbeing of all. In addition to following all guidelines set forth by the CDC, the State of KY, The Kentucky Board of Dentistry, and the KDA, we will be implementing additional protocols to further protect everyone who comes through our doors.

Some of these protocols are:

- If you are not feeling well or have symptoms similar to flu on the day of your appointment, we expect you to PLEASE STAY HOME and consult with your physician.
- We will be screening all patients (and staff) for an elevated temperature. Anyone with an elevated temperature will be asked to leave the office.
- Appointments will be spaced to avoid crowds in our waiting areas.
- We ask that each visitor to our office also wear a face mask, and be fully mindful of the need for hygiene.
- We ask that patients scheduled for an appointment to come alone. If not, no more than one other adult can accompany the patient.
Children under the age of 18, who are not scheduled for an appointment, are not permitted in the waiting areas.

If you have questions, please call us at 859-232-8883. We have staff available to answer your questions and we will return any message you leave for us.

Thank you for your trust in allowing us take care of your oral health needs.
